

SAGE GROUSE

MONTANA LOCAL WORKING GROUPS

March 27, 2007

Chuck Maddox
DNRC- Dillon Unit
730 N. Montana St.
Dillon, MT 59725

Dear Chuck:

On March 22 the Dillon Local Working Group held its quarterly meeting to discuss a whole agenda of topics. I passed to the group your regrets in not being able to attend.

We had about a 15-minute discussion on the proposed Corral Creek sagebrush burn on the Centennial Divide, and we realized that without you there we had more questions and concerns about the burn than exact understanding of its status.

The group asked me to write a letter to you inquiring again about a couple things...

- Has the lessee submitted a written request for the burn?
- Is it your office's intention to go forward with the burn on Corral Creek this spring?

Any timely information you could provide related to this would be appreciated.

Sincerely,

Ben Deeble, co-chair
